Valley All Star Moving Services provides full packing and unpacking services, as well as partial packing and unpacking services for electrical equipment, lamps, artwork, and breakables, ask the Valley All Star moving experts about the advantages of having us help you pack.

Packing Tips If you choose to pack your belongings yourself, here are some helpful tips:

- Now's your chance to get rid of what you no longer use-and help the needy in the process! Moving is a good opportunity to make a fresh start. Before you move, donate or recycle old clothes, magazines, unused toys, dishes and other unneeded items. Leaving these items behind will save you money and time - and give you more space in your new location
- Label everything. Label each box by room for easy placement at delivery.
- Breakable and fragile items. When you pack dishes and other breakable items, first cushion the bottom of the box. Then wrap each item separately with packing paper or newspaper-making sure that every surface is wrapped where it touches another item. Use bubble wrap for special pieces. Write "FRAGILE" on the outside of the box.
